[REDACTED] queried me Friday evening on whether we were updating the emergency line of succession memo which is due annually.

Attached is background on same; with all the changes in the Agency, it certainly does need updating.

I believe this is proforma that it does satisfy a standing OEP requirement which for some reason we did not meet in 1971.

The overseas distribution perhaps concentrates too heavily on Europe. OEP guidance on this point is not explicit and the three officers concerned are among the most senior the Agency has abroad.

We have attached a copy of the last submission to OEP.
